

### Additional Benefits

**LODGING** - If You are more than one hundred (100) miles from home and repair to a covered component requires eight (8) hours of labor (must be an overnight repair), You may be eligible for lodging reimbursement, not to exceed \$60.00 per night, a four (4) night maximum and no more than \$240.00 per occurrence.

**SERVICE CALLS** - Only in the event of a breakdown of a covered component and in addition to the normal parts and labor charges, You are eligible to be reimbursed up to \$75.00 per occurrence for a remote service call.

**LIGHT COMMERCIAL USE** for Your full-time or part-time employment, trade or business, is permitted only if You have chosen and paid, at the time of sale, the appropriate surcharge in Box 3 on the front of this Agreement to make Your Vehicle eligible for coverage under this Extended Service Agreement. See "What Is Not Covered" below for examples of commercial use that are not covered.

Refer to your extended service agreement for all details of your benefits.

Have your extended service agreement in hand prior to calling our toll free number for roadside services or claims.

## Complete Protection for Your Home On the Road

Mechanical Breakdown Protection for Towable Recreational Vehicles  
New and Pre-Owned

## THE COMPLETE HOME FOR THE ROAD NEEDS COMPLETE PROTECTION

Your towable RV gives you so much freedom and pleasure, and saves you money on travel accommodation costs.

Invest a little bit of that savings to help keep your home on the road moving toward your next destination.

## PROTECT YOUR TOWABLE RV FROM UNEXPECTED REPAIR AND REPLACEMENT COSTS

| Component System | Today's Replacement Cost | Tomorrow's Replacement Cost* |
|------------------|--------------------------|------------------------------|
| Cooling Unit     | \$1,900                  | \$2,425                      |
| Leveling System  | \$2,000                  | \$2,550                      |
| Furnace          | \$1,300                  | \$1,650                      |
| Refrigerator     | \$2,100                  | \$2,670                      |
| Air Conditioning | \$1,900                  | \$2,410                      |
| Generator        | \$3,200                  | \$4,000                      |
| Electric Step    | \$400-\$600              | \$510-\$760                  |

The costs above are representative potential repair costs that can be expected over the duration of your ownership. Actual costs will vary by make and model.  
\* Tomorrow's costs based on 5% increase per year over five years.

# Complete *Exclusionary* Coverage

## FOR NEW VEHICLES (PLAN B)

It's like extending the factory warranty on all the underlying vehicle components AND the home comfort systems in your towable recreational vehicle. It's the best coverage available anywhere to protect your home on the road.

Portfolio Exclusionary Protection includes all the components listed below, and even more. We call it Exclusionary Coverage because it's easier to list the items not covered than everything that is covered.

### What is not covered?

- **Routine maintenance items** such as: oil, coolant, fluids, refrigerant and others.
- **Items that occasionally need replacement** such as: battery and cables, lights and bulbs, tires, brake pads, brake drums, brake shoes, exhaust system, shock absorbers, and strut insert cartridges.
- **Appearance concerns and exterior items** such as: bright metal, vinyl, wheel covers, ornaments, and paint.
- **Interior items** such as: upholstery, buttons, carpet, door and window handles

(see service agreement for complete list of what is not covered)

Here's What Your Exclusionary Service Agreement States:

### EXCLUSIONARY COVERAGE- NEW VEHICLES ONLY

Plan B Exclusionary Coverage provides all the Plan A and Upgrade Options coverage listed below and also provides coverage for repair/replacement of ALL factory-installed original mechanical equipment on the Covered Vehicle except those items listed under "What Is Not Covered."

## Comprehensive Stated Coverage

### FOR PRE-OWNED AND NEW VEHICLES (PLAN A)

#### Protects the Most Important Components...

**FRAME** - L.P. Mounting bracket, bumper welds, all chassis frame welds, manual lift jacks, latch, lift crank, cables, pulleys and motor.

**BRAKES** - Master cylinder, hydraulic or electric actuators, wheel cylinders, disc brake caliper, backing plates, clips and retainers; seals and gaskets.

**SUSPENSION ASSEMBLY** - Wheel bearings, wheel hubs, spindles, spindle supports, axle shafts, actuators, rubber suspension bushings, coil and leaf springs.

**RANGE/OVEN** - Burner assembly, thermostat, thermocouple, burner valves, igniter, heating element, fan, pole motor, power hood, fittings, connections and the PC board. The following components of the Microwave oven: transformer, magnetron, fan and the PC board.

**REFRIGERATOR/FREEZER** - Thermostat, thermocouple, burner assembly, igniter, cooling unit, fittings, connections and the PC board.

**HEATING/FURNACE** - Thermostat, thermocouple, main gas valve, igniter, burner assembly, blower motor, fittings, connections, and the PC board.

**AIR CONDITIONING (roof mounted 110v or Central Air)** - Compressor, condenser, evaporator, receiver-dryer, accumulator, expansion valve, capacitors, heat pump, heat strips, reversing valve, relays, blower motor, blower motor fan, high/low cut off switch, pressure cycling switch, electronic module, thermostat, vent fans.

**WATER SYSTEM** - Water pump, sink(s), sink faucet, shower faucet, shower head, holding tank(s), and their traps, fittings, connections and gate valves.

**HOT WATER HEATER** - Burner assembly, tank, thermostat, thermocouple, heating element, gas valve, pressure relief valve, electronic ignition, wiring harness, switch and the PC board, and their fittings, connections, and gate valves.

**WASTE SYSTEM** - Toilet vacuum breaker, float assembly, ball valve, slide valve, the water inlet valve, the holding tank, and their traps, fittings, connections, and gate valves.

**L.P. GAS SYSTEM** - Regulators, valves, gauges, pigtailed, fittings, connectors, gas lines, automatic shut off and mounting brackets.

**AUXILIARY GENERATOR/POWER SUPPLY** - All internal lubricated parts including: pistons, rings, connecting rods and bearings, wrist pins, crankshaft and main bearings, camshaft and bearings, rocker arms, valves, valve springs, seats and guides, oil pump, timing chain/belt, tensioner and guides. Engine block, cylinder barrels and cylinder head only if the damage results from the failure of an internal lubricated part. Starter motor, electrical generator, manually operated switches, hour meter, voltage regulator, gauges, PC board and power converter/inverter. Breaker box(es), breakers and wiring harnesses for covered components (excluding power cord).

**HYDRAULIC/ELECTRIC STEP(S)** - Step motor, gears, linkage and switch.

### ...and You Can Choose to Add Optional Upgrade Coverage on Even More Components and Systems

#### UPGRADE OPTIONS for Plan A

(covered only if checked on page 1, Box 3 and required surcharge is paid at time of sale)

**DELUXE APPLIANCE - Washer and Dryer:** Drive motor, transmission, pulley, heating element, igniter, main controls, blower and water pump; **Dish Washer:** Drive motor, pulley, heating element and water pump; **Ice Maker:** Condenser, compressor, ejector motor, gears, bearings, thermostat and relays; **In-Sink Disposal:** Motor, flywheel, hammer, shredder and power switch; **Trash Compactor:** Compactor motor, compacting ram(s) and relays; **Central Vacuum Cleaner:** Electric motor, armature and relays; **Kitchen Center:** (Blender and Food Processor) Electric motor and the control switches; **External Barbeque:** Burner, igniter and the control valves; **Rear Camera and Driver Monitor;** **Factory-Installed Carbon Monoxide/Smoke Detector.**

Deluxe Appliance Upgrade

**HYDRAULIC/ELECTRIC LEVELING JACKS** - Electric motor, pump, jack assembly, control switches, sensors, actuator, lines, fittings, connections, cylinders, worm gears, tracks, electric switch and wiring harness.

Leveling Jacks Upgrade

**HYDRAULIC/ELECTRIC SLIDE OUT ROOMS** - Electric motor, pump, jack assembly, control switches, sensors, actuator, lines, fittings, cylinders, worm gears, tracks, electric switch and wiring harness. **THE SAME COMPONENTS ARE COVERED IN RAISED ROOF APPLICATIONS.**

Slide Out Room Upgrade

**ULTRA ELECTRONIC HI TECH - Electronic Entrance:** Transmitter, touchpad, actuators, solenoids, servos and computer; **Thermometer, Compass and Power Seat Computer;** **Anti-theft:** Remote transmitter, audible device and relay.

**WHEEL CHAIR LIFT** - Electro-hydraulic motor, hydraulic pump, power control switch, manual hand pump, pressure release valve, steel frame and frame welds, locking handrails, actuator and relays.

**AUDIO/VIDEO - Television:** (42" or less): Circuit boards, power supply, control panel, and the tuner; **A.M./F.M. Stereo and/or CD player:** Circuit boards, power supply, tuner assembly, and amplifier; **DVD:** Circuit board, power supply, and control panel.

Audio/Video Upgrade

**FUELING STATION** - (TOY HAULER): Line, nozzle, petcock, valves (excluding tank).

## Complete Protection for Your Complete Home
